Rob,

I just want to write you this letter concerning our purchase of the Great White stirrups. These stirrups have easily been one of the best sets we have purchased. We have two other sets that do not get used now and the employees are begging me to buy another set. The employees absolutely love them; the ease of use and the safety that these stirrups provide will make this the purchase of the quarter. Thank you for making my job easy. I will call you in the near future for a second set.
